Let the praise begin, Let the praise begin  
Let the praise begin, Let the praise begin

This is the time for celebration  
This is the place where it all begins  
This is the hour for sweet jubilation  
This is the chance to be together again  
In holy relation we stand, dance to a heavenly band  
Hear the shouts, feel the beat, sing along, move your feet  
Let the praise begin

Chorus:

Let the praise begin (This is the time for celebration)  
Let the praise begin (Voices uniting from every nation)  
Let the praise begin (Come on and join the sweet jubilation)  
Let the praise begin

If you want a chance to get into the spirit  
If you need to let it out and just say "YES"  
Let's raise the roof so the world can hear it  
Sing hallelujah from the east to the west  
And make the walls tumble down, with a victorious sound  
Hear the sons in the air, in the streets, everywhere  
Let the praise begin

Repeat chorus

Hosannah! Heaven hears our praises to Him  
Hosannah! We have come together again  
Hosannah! Come and lift your voices to Him  
Hosannah! Sing and let the praises begin

Let the praise begin (Sing your praises to Him)  
Let the praise begin (Come on let your praises begin)  
Let the praise begin (Sing and shout it again and again)  
Let the praise begin!
