

JESUS IS ALL THAT I HAVE

Words & Music by Mark Bishop

Verse 1:

I don't worry about the rain or the storm clouds
Or the trouble Satan has for me today
Though the very best of Hell may rise against me
There's a greater power standing in his way

Verse 2:

I don't fret about the news or the headlines
Or a world that has the Devil yet to pay
I've been bought by the blood of the Savior
And I'll rest assured good news is on the way

Chorus:

Jesus is all that I have, He's all that I need
Abundantly more than enough to face my enemies
Though the thunder crash surrounds me
And the lightening strikes around me
Though the adversary drives me to my knees
Jesus is all that I have, He's all that I need

Verse 1:

If you carry a burden on your shoulder
And you can't escape the chains that have you bound
If you hear Satan laugh through hollow promises
Let me tell you of the victory I've found

Chorus:

Jesus is all that I have, He's all that I need
Abundantly more than enough to face my enemies
Though the thunder crash surrounds me
And the lightening strikes around me
Though the adversary drives me to my knees
Jesus is all that I have, He's all that I need
