CHORUS:

I'm building this house on the rock, on the Holy Word of God
Not gonna' settle it down on shifting sand
I'm building this house on the rock, on the Word that Jesus taught
On this solid foundation it will stand.

VERSE 1:

Jesus said that He who hears the things that I have said,
And will go and do as I command;
This man's house will stand secure on a rock foundation sure
Through the times of storm this house will stand.

CHORUS:

I'm building this house on the rock, on the Holy Word of God
Not gonna' settle it down on shifting sand
I'm building this house on the rock, on the Word that Jesus taught
On this solid foundation it will stand.

VERSE 2:

Through the night His word has been a lamp unto my feet,
Leading me in triumph over Hell;
When the rain comes pouring down this house stands safe and sound;
I speak the Word of God and all is well.

CHORUS:

I'm building this house on the rock, on the Holy Word of God
Not gonna' settle it down on shifting sand
I'm building this house on the rock, on the Word that Jesus taught
On this solid foundation it will stand.

I'm building this house on the rock, on the Holy Word of God
Not gonna' settle it down on shifting sand
I'm building this house on the rock, on the Word that Jesus taught
On this solid foundation it will stand.

On this solid foundation it will stand.
On this solid foundation it will stand.
